We advise that this item is installed by a qualified electrician.

Ceiling Cup:

We offer a domestic ceiling cup in either chrome, black, white or a powder coat to match the shade. The cup has room to connect your existing wires to your new light. It has a diameter of 100mm and depth of 24mm.

Cable Length:

Cable can be cut to length during installation.

Choose from 11 metal finishes:

In most cases we are happy to powder coat the classic industrial style pendant to any RAL colour but we will need to discuss suitability and quantity required.
